

SVERO

Lever Hoist Aluminium 250 kg, lift 1 m

Art nr.1511AL

Our smallest Svero lever hoist in super light aluminum design. Only 1.4 kg. Fits very well in the tool bag, to take with you between different places where you need to lift, pull or tighten. Fits well in service, repair and maintenance.

Description

- can be ordered with adapted lifting height
- fits most beam trollies and beam clamps
- 0.5-9 tons can be obtained with overload protection
- powder-coated housing in aluminum provides very good rust protection
- swivelling hooks with safety locks
- safe, well protected, automatic load pressure brake
- load chain treated with COROLIM® provides excellent corrosion protection
- working temperature -10° C up to +50° C
- traceable with unique SVERO serial number
- each lever hoist is dynamically test loaded with 1.5 x WLL before leaving production
- test and CE certificates and manual included
