

SVERO

Railway Jack 10 000 kg

Art nr.1723RL

SVERO railway jack 1723. Larger base plate so as not to sink into the ground. The crank has a locking function and is collapsible. Lifting can take place both on top and heel. It is also self-locking and has double pawls for increased safety.

Description

- the larger foot can handle lifting on more porous surfaces, e.g. railway embankments
- powder-coated steel design
- lifting can be done on top and heel
- self-locking
- double ratchets for increased security
- collapsible crank for easy transport
- test and CE certificate included
