

SVERO

Beam Trolley 1000 kg geared, manœuvre 3 m

Art nr.21143A

Our most popular SVERO geared beam trolley. Very all-round. Suitable for situations when you need more precise control of the movement. The low-built 3-part design is easy to assemble. 1000 kg can handle many lifts in the workshop, but also permanent suspension of pipes for, for example, district heating and drains.

Description

- can be moved simply and easily using the hand chain
- can be ordered with adapted operating height
- fits most chain hoists, both manual and electrical
- fits IPE, HEA, HEB and INP beams
- powder-coated steel sides
- adjustable left and right threaded suspension bolt
- test loaded with 1.5 x WLL
- working temperature -10° C up to +50° C
- test and CE certificates and manual included
- traceable with unique SVERO serial number
