

We Make Heavy Lifting Easy

**SVERO**

# This is Svero.

**FOR ALMOST 70 YEARS, WE HAVE DEFIED GRAVITY and made heavy lifting easy. Today, we offer products from our own manufacturing as well as high-quality solutions from carefully selected suppliers. Our headquarters are located just south of Jönköping, and together, we are a team of about ten people dedicated to lifting your business.**

## We Are with You Every Step of the Way

With our extensive expertise and experience in lifting solutions, we provide you with the foundation to make the right decisions and deliver a solution that meets your needs. Investing in lifting equipment involves many considerations, and it's reassuring to have a trusted partner who offers advice, support, and answers to technical questions. SVERO is with you throughout the entire project. Together, we develop the optimal solution for you - whether it's a standard hoist or a complex crane or overhead system. We start with a needs analysis and an on-site visit. In the next step, we create drawings and calculations. We then assist with installation and inspection. Finally, we conduct a follow-up and evaluation of the entire process.

# We Have the Right Product for Your Lifting and Pulling Needs.

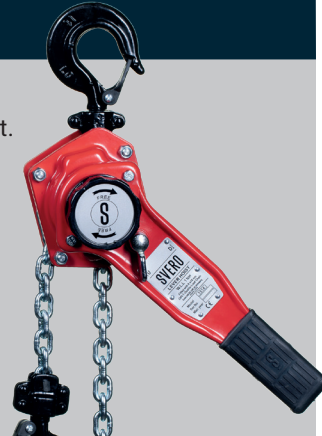

## CHAIN HOISTS

Manual chain hoists – compact and robust. In capacities from 250 kg to 20 tons.

## LEVER HOISTS

Manual lever hoists – compact and robust. In capacities from 250 kg to 9 tons.

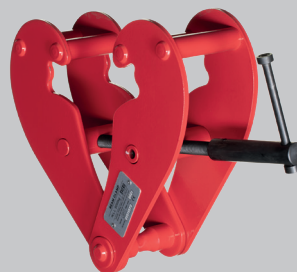

## BEAM TROLLEYS

Trolleys covering a broad spectra of beam profiles and widths. Capacity 500 kg – 20 tons.

## BEAM CLAMPS

Beam clamps adjustable for a variety of beam widths. Capacity 1000 kg – 10 tons.

## LOW BUILT TROLLEYS

Extremely low built trolleys with integrated chain hoists. In capacities from 500 kg to 6300 kg.

## JACKS

Mechanical and hydraulic jacks with capacities from 1500 kg to 25 tons.

## SNATCH BLOCKS

Openable snatch blocks designed for both lifting and pulling. Capacity 500 kg to 5 tons.

## SHEAVE BRACKETS

Sheave brackets intended for lifting, with capacities from 125 kg to 5 tons.

## ELECTRIC- AND AIR CHAIN HOISTS

Electric – and air driven chain hoists with a variety of speed and capacities from 125 kg to 20 tons.

## ELECTRIC WINCHES

Electric winches for lifting and pulling. In capacity from 150 kg to 50 tons.

## CHAINS

T  
V  
DAT  
Grade 80  
Grade 100  
Stainless

A wide range of load, lifting and maneuvering chains. Dimensions 3 – 17 mm.

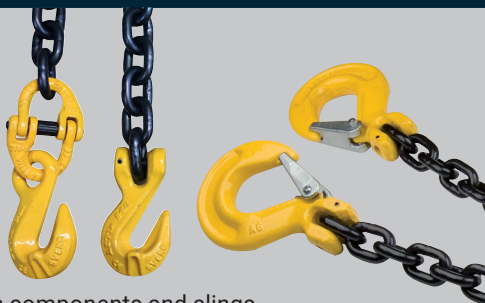

## STEEL ROPE

Steel ropes in a variety of lengths and dimensions with possibility for customized wire rope kits.

## CHAIN COMPONENTS/SLINGS

Chain components and slings, Grade 80 and 100, in different variants and capacities from 350 kg to 35 tons.

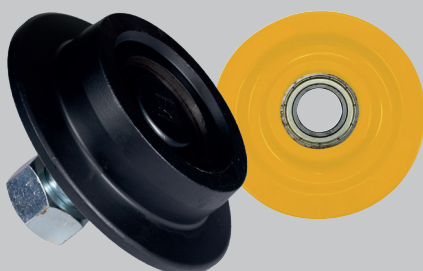

## LIFTING CLAMPS

Different models of lifting clamps for lifting and moving. Capacity 750 kg to 30 tons.

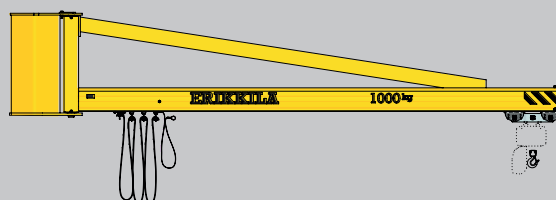

## WHEELS

Large assortment of flanged, pulley and chain wheels in different materials and dimensions.

## JIB CRANES

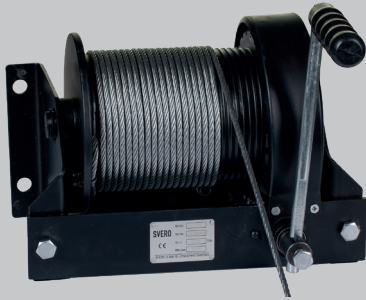

A variety of models of wall- and floor mounted jib cranes in different capacities.

SVERO

We Have the Right Product for Your Lifting and Pulling Needs.

## MANUAL WINCHES

Manual winches for lifting and pulling.  
In capacities from 250 kg to 3200 kg.

## LIFTING MAGNETS

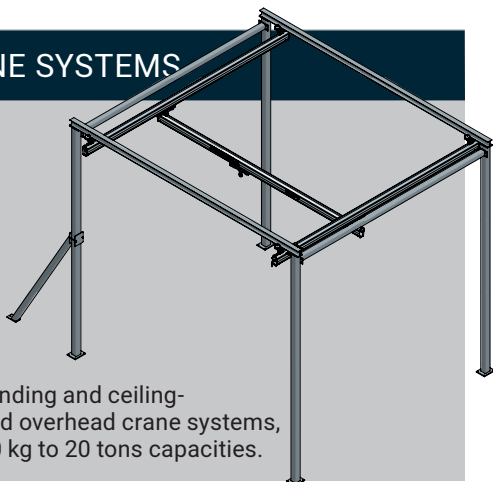

Powerful lifting magnets with long lifetime.  
In capacities from 100 kg to 1 ton.

## POLYESTER LIFTING

Round- and webbing  
slings with lifting  
capacities from  
1 – 3 tons.

## CRANE SYSTEMS

Freestanding and ceiling-  
mounted overhead crane systems,  
from 50 kg to 20 tons capacities.

SVERO

## For Safety's Sake

All types of lifting are governed by laws and regulations concerning safety, the environment, and workplace conditions. No matter what you need to lift, it is crucial that it is done correctly.

We always strive to offer the highest quality throughout the entire process. To ensure both your and our own confidence in quality and functionality, all our products undergo rigorous safety testing, often in collaboration with **RISE, Research Institutes of Sweden**.

In SVERO's 10-ton testing facility, we perform load tests on our specialized products to ensure they meet all requirements. As part of our commitment to quality and safety, we are also **certified according to ISO 9001:2015 and ISO 14001:2015**, guaranteeing that our products and services consistently maintain a high and reliable standard.

## Customized Products

Sometimes, finding exactly what you need can be difficult. A standard product doesn't always meet your requirements or lifting needs. Whether it's modifying an existing product or developing a new one, **SVERO** is here to help.
